Partnership Schools | Kura Hourua

The first Partnership Schools in New Zealand opened in 2014. Vanguard Military School and Te Kapehu Whetu Terenga Paraoa both opened in 2014, Pacific Advance Senior School opened in 2015. This is a young sector and these are young schools.

All Partnership Schools up until 2019 have been established to address the enduring under-achievement of Priority Learners (Maori, Pasifika, Decile 1-3, Special Needs pupils). Consistent with this objective, it is a contractual requirement for at least 75% of their enrolled students need to be Priority Learners. These schools are fully funded by the Ministry of Education and contractually obliged to meet demanding performance standards.

NOTE:

- Outstanding results by Vanguard and Terenga Paraoa compared to the total population of New Zealand Schools and the total population of Decile 1-3 Schools, **noting that Partnership Schools are classified as Decile 1-3.**
- For Terenga Paraoa the 'cumulative roll based' result for L2 NCEA (compared to the roll based data) confirms that Y11 students gained the L2 NCEA qualification.
- For Pacific Advance Senior School (PASS) the 'cumulative roll based data' for L2 NCEA confirms that the cohorts at PASS are succeeding but that it is generally taking pupils an additional year to qualify. PASS has only been in operation since 2015 hence no results for L3.
